CONVENTION OPENED

The Great Struggle at Chicago Has Begun.

THE SILVER MEN ARE IN CONTROL.

Senator Daniel Elected Temporary Chairman Over Senator Hill by 556 to 349.

NOT A TWO-THIRD MAJORITY.

Various Committees Appointed and the Convention Takes a Recess—Subcommittee on Resolutions Has Completed a Platform Which Will Probably Be Adopted—Hill and Ladd Leading the Presidential Candidates, but Is Short the Required Number to Nominate—Bright Prospects For Dark Horses—Various Other Happenings at the Chicago Convention.

CHICAGO, July 8.—The crowds began to gather around the Coliseum building early Tuesday morning, but it was passed 11 o'clock before the doors of the big structure were opened and people began to stream in between long lines of policemen, ushers who did not know where the sections were located, and special officers chosen on account of their fatal beauty.

By 12 o'clock about 12,000 people had gotten into the hall and were ready for the performance.

CHAIRMAN HARRITY OPENING THE CONVENTION.

At 12:45 p.m., Chairman Harrity hit the speaker's table good big rap and told Sergeant-at-arms Martin to make the spectators take their hats off. Martin assumed a Svengali pose and looked at the audience while the ushers cried "hats off!" in the tone so familiar to persons of the peanut gallery. Then Harrity, with an apprehensive look, took another whack at the table and announced that Rev. Stires of Chicago would open the convention with prayer. Rev. Stires looks like a divinity student but offered his petition in behalf of the delegates clearly and distinctly.

Mr. Harrity then said:

"Gentlemen of the Convention; By direction of the Democratic national committee, I desire to report the following as the temporary organization of the convention: For temporary chairman, Hon. David B. Hill of New York.

The mention of Senator Hill's name was received with tremendous applause, the members of the Pennsylvania delegation standing on chairs and waving flags. Some one called for three cheers for David B. Hill, which were given, and the band then played Dixie.

When the excitement had subsided Mr. Harrity resumed his announcement as follows: For temporary secretary, Hon. Simon P. Sheerin of Indiana; for sergeant-at-arms, Colonel John I. Martin of Missouri.

Mr. Clayton from Alabama moved to substitute the name of the Hon. John W. Daniel of Virginia for that of Hon. David B. Hill of New York as temporary chairman of the convention.

At this point the chairman was interrupted by a good deal of confusion and cries and calls from different parts of the house. He, therefore, manifested his disposition to call the roll of the convention by saying: "It may as well be understood, gentlemen, that, as long as the present occupant is in the chair, these proceedings will be conducted in a regular and orderly manner."

For two hours the oratorical gladiators of the opposing forces fought it out upon the platform. Alex McDermott of New Jersey, John I. Waller of Connecticut, John R. Fellows of New York and General St. Clair of West Virginia, championed Mr. Hill's cause and C. S. Thomas of Colorado, M. F. Tarpey of California, C. A. Ladd of Illinois, Delegate Marston of Louisiana and National Committeeman Clayton of Alabama, insisted upon his overthrow. Colonel Fellows pleaded for mercy. He pleaded with the majority to do a generous thing and show that it did not place too much reliance on the force of numbers, but in the righteousness of their cause.

General St. Clair, who is a silver man, opposed the defeat of Hill, whom he had supported four years ago and whose defeat then expressed his profound regret for today. The silver men, most of whom had also been for Hill in 1892, and who recalled the fact with evident pride and who expressed great regret at the necessity which compelled them to take this course, contended that the election of a temporary chairman in harmony with the majority was of vital importance. The temper of the delegates was plainly apparent from the salvoes with which they greeted these firm utterances. It was noticeable that neither side put its guns forward.

When the vote came to be taken W. J. Stackhouse, one of the administration's federal officials in Iowa, in order to flaunt the divisions in the Boies delegation, challenged the vote of the state and uncovered seven gold votes. Mr. Haldeman did the same thing in Blackburn's Kentucky delegation and made McKnight, a silver Michigan delegate, show 12 silver votes in his delegation which were locked up by the unit rule.

The result of the rollcall showed 553 votes for Daniel and 349 votes for Hill, practically the strength of the two sides. Although this did not show a two-thirds majority the silver leaders display no anxiety on this score, as the Nebraska gold delegation of 26 will be unseated and the representation from the territories will be increased from two to six each.

SENATOR DANIEL.

Senator Daniel then assumed the duties of presiding officer. He is an impressive figure and a most eloquent orator of the old school. He sounded the keynote for silver in a ringing speech, but the fact that he spoke from notes was rather disappointing to his friends.

In closing Mr. Daniel said: "I now announce that the national Democratic convention is in session and is ready to proceed to the business of a permanent organization."

Senator Jones of Arkansas offered a resolution extending the thanks of the convention to Chairman Harrity for the impartial manner in which he had presided over the convention. It was adopted unanimously as was another resolution offered by Senator White of California making the rules of the Fifty-third house of representatives govern the deliberations of the convention.

The roll of states were then called under the customary practice and the selections for membership on the various committees were announced. The delegates and spectators began leaving rapidly at this juncture as it was well understood that the convention would immediately adjourn.

General E. B. Finley of the Ohio delegation protested against the selection of committee members by contested delegations, but Chairman Daniel ruled that until the permanent organization was perfected the temporary roll was respected.

At 4:33 p.m., on Senator Jones' motion, the convention adjourned.

PERMANENT ORGANIZATION.

Stephen M. White Will Preside Over the Convention Proper.

CHICAGO, July 8.—The committee on permanent organization met in the Coliseum immediately after the adjournment of the convention. General E. B. Finley of Ohio was made chairman and J. P. Brown of Georgia secretary. A recess was then taken and the silver men retired and held a caucus, at which the permanent organization was fully agreed upon. When the committee reconvened the silver slate went through, as follows:

Permanent chairman, Stephen M. White of California; sergeant-at-arms, John I. Martin of Missouri; secretary, Thomas G. Cogan of Cincinnati; assistant secretary, Louis D. Herschel of Chicago; reading clerk, E. B. Wade of Tennessee; assistant reading clerks, N. B. Walker of Florida, Charles Nickell of Oregon, Jeff Pollard of Missouri and Lincoln Dixon of Indiana.

The name of Senator Hill was presented by the gold men for permanent chairman, and he received six votes to 33 for Senator White. The remainder of the organization as presented by the silver people went through by acclamation, the gold men making no nomination.

COMMITTEE ON RESOLUTIONS.

A Subcommittee Appointed to Prepare the Platform.

CHICAGO, July 8.—The committee on resolutions met last night at the Palmer House. Senator White of California was elected chairman of the committee. Before he could take the chair a committee from the committee on permanent organization called upon him and notified him of his selection for permanent chairman of the convention. Sen-

ator White accepted the permanent chairmanship and returning to the room of the committee on resolutions stated that it would be impossible for him as permanent chairman, if the convention should ratify the choice of the committee on permanent organization to serve as chairman of the committee on resolutions. Senator James K. Jones of Arkansas was then chosen chairman of the committee on resolutions.

Mr. A. J. Jones of Illinois was elected secretary. C. S. Thomas of Colorado made a motion that the committee appoint a subcommittee, of which Chairman Jones should be chairman, the committee to consist of nine to report a platform to the full committee. The following gentlemen were appointed as the subcommittee: Senator J. K. Jones of Arkansas, chairman; Senator F. M. Cockrell of Missouri; Senator J. Z. George of Mississippi; N. O. Worthington of Illinois; Senator Ben T. Tillman of South Carolina; Mr. Owen of the Indian Territory; D. B. Hill of New York; Senator W. F. Vilas of Wisconsin and Senator George Gray of Delaware.

The committee then adjourned.

THE PLATFORM.

The Subcommittee Has Agreed Upon a Report That Will Probably Be Adopted.

CHICAGO, July 8.—The following is the platform as agreed to by the subcommittee to be submitted to the general committee. It is thought that few if any modifications will be made before the resolutions are presented to the convention, although planks favoring the Monroe doctrine and recognizing Cuban belligerency are proposed. The minority will, of course, present a report taking ground against the free coinage of silver.

We, the Democrats of the United States in national convention assembled, do reaffirm our allegiance to those great essential principles of justice and liberty upon which our institutions are founded, and which the Democratic party has maintained from Jefferson's time to our own—freedom of speech, freedom of press, freedom of conscience, the preservation of personal rights, the equality of all citizens before the law and the faithful observance of constitutional limitations.

Recognizing that the money question is paramount to all others at this time, we invite attention to the fact that the federal constitution names silver and gold together as the money metals of the United States, and that the first coinage law passed by congress under the constitution made the silver dollar the unit of value and admitted gold to free coinage at a ratio measured by the silver dollar unit.

We declare that the act of 1873 demonetizing silver without the knowledge or approval of the American people has resulted in the appreciation of gold and a corresponding fall in the prices of commodities produced by the people; a heavy increase in the burden of taxation and of all debts, public and private; the enrichment of the money lending class at home and abroad; a paralysis of industry and impoverishment of the people.

We are unutterably opposed to the single gold standard, which has locked fast the prosperity of an industrious people in the paralysis of hard times. Gold monometallism is a British policy founded upon British greed for gain and power, and its general adoption has brought other nations into financial servitude to London. It is not only un-American but anti-American, and it can be fastened upon the United States only by the stifling of that indomitable spirit and love of liberty which proclaimed our political independence in 1776, and won it in the war of the people and the restoration of the country's prosperity.

We declare that the act of 1873 demonetizing silver without the knowledge or approval of the American people has resulted in the appreciation of gold and a corresponding fall in the prices of commodities produced by the people; a heavy increase in the burden of taxation and of all debts, public and private; the enrichment of the money lending class at home and abroad; a paralysis of industry and impoverishment of the people.

We are unutterably opposed to the single gold standard, which has locked fast the prosperity of an industrious people in the paralysis of hard times. Gold monometallism is a British policy founded upon British greed for gain and power, and its general adoption has brought other nations into financial servitude to London. It is not only un-American but anti-American, and it can be fastened upon the United States only by the stifling of that indomitable spirit and love of liberty which proclaimed our political independence in 1776, and won it in the war of the people and the restoration of the country's prosperity.

We demand the immediate restoration of the free and unlimited coinage of gold and silver at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation. We demand that the standard silver dollar shall be a full legal tender, equally with gold, for all debts, public or private, and we favor such legislation as will prevent the demonetization of any kind of legal tender money by private contract.

We are opposed to the policy and practice of surrendering to the holders of the obligations of the United States the option reserved by law to the government of redeeming such obligations in either silver coin or gold coin.

We are opposed to the issuing of interest bearing bonds of the United States in times of peace, and condemn the trafficking of banking syndicates, which, in exchange for bonds and at an enormous profit to themselves, supply the federal treasury with gold to maintain the policy of gold monometallism.

Congress alone has the power to coin and issue money, and President Jackson declared that this power could not be delegated to corporations or individuals. We, therefore, demand that the power to issue notes be taken from the banks, and that all paper money shall be issued directly by the treasury department.

We hold that tariff duties should be levied solely for the purpose of revenue, and that taxation should be limited by the needs of the government, honestly and economically administered. We denounce as disturbing the business the Republican threat to restore the McKinley law which has been twice condemned by the people in national elections and which, enacted under the false plea of protection to home industry, proved a prolific breeder of trusts and monopolies, enriched the few at the expense of the many, restricted trade and deprived the producers of the great American staples of access to their national markets. Until the money question is settled we are opposed to any agitation for further changes in our tariff laws except such as are necessary to make up the deficits in revenue caused by the adverse decision of the supreme court on the income tax. There would have been no deficit in federal revenue during the last two years, but for the annulment by the supreme court of the income tax law, placed upon the stat-

ute books by a Democratic congress.

The obstruction to an income tax which the supreme court discovered in the constitution after it had lain hidden for a hundred years must be removed, to the end that accumulated wealth may be made to bear its just share of the burdens of the government. We therefore favor an amendment to the federal constitution that will permit the levy of an income tax.

We hold that the most efficient way of protecting American labor is to prevent the importation of foreign pauper labor to compete with it in the home market and that the value of the home market to our American farmers and artisans is greatly reduced by a vicious monetary system which depresses the prices of their products below the cost of production and thus deprives them of the means of satisfying their needs.

We denounce the profligate waste of money wrung from the people by oppressive taxation and the lavish appropriations of recent Republican congresses, which have kept taxes high while the labor that pays them is unemployed and the products of the people's toll are depressed in price till they no longer repay the cost of production. We demand a return to that simplicity and economy which best befits a democratic government, and a deduction in the number of needless offices, the salaries of which drain the substance of the people.

We denounce arbitrary interference by federal authorities in local affairs as a violation of the constitution of the United States, and a crime against free institutions, and we especially object to government by injunction as a new and dangerous form of oppression by which federal judges, in contempt of the laws of the states and the rights of citizens, become at once legislator, judge and executioner.

We are opposed to life tenure in the public service. We favor appointments based upon merit, fixed terms of office, and such an administration of the civil service laws as will afford equal opportunities to all citizens of ascertained fitness.

We declare it to be the unwritten law of this republic, established by custom and usages of 100 years and sanctioned by the examples of the greatest and wisest of those who founded and have maintained our government, that no man should be eligible for a third term of the presidential office.

Confiding in the justice of our cause and the necessity of its success at the polls, we submit the foregoing principles and purposes to the considerate judgment of the American people. We invite the support of all citizens who approve them and who desire to have them made effective through legislation for the relief of the people and the restoration of the country's prosperity.

COMMITTEE ON RULES.

A Scheme Adopted Which Permits a Change to Be Made at Any Time.

CHICAGO, July 8.—The committee on rules met after the adjournment and elected J. D. Richardson of Tennessee chairman and F. B. Carter of Florida secretary. Senator Money of Mississippi moved that the rules of the last convention and the Fifty-third congress, under which the convention worked yesterday, be continued until further orders. Mr. Scott of New York moved as a substitute that the same rules be made permanent. This would include the two-thirds and unit rule, but the silver men voted down the substitute by 23 to 16 and adopted Senator Money's motion.

This leaves the rules in such position that the committee can report a change at any time it is deemed necessary for the purposes of the majority. A subcommittee appointed for the purpose reported the order of business for the convention as follows: Call to order, prayer, reports of standing committees, reports of special committees, unfinished business, call of roll for presidential nominations, balloting, call of roll for vice presidential nominations, balloting.

COMMITTEE ON CREDENTIALS.

Gold Delegates Will Get but Little Show From This Body.

CHICAGO, July 8.—The committee on credentials organized by selecting John H. Atwood of Kansas chairman and Mr. Bent of Missouri secretary.

Mr. Weed of New York moved to have the roll called and the contests voted in alphabetical order. This amendment prevailed and each contest was given one half hour to present the case. Michigan was the first one to be taken up and after both sides had been presented a vote was taken which decided to seat the four contesting silver delegates from Michigan. The vote was 27 to 16.

This vote reversed the action of the national committee which seated the gold delegates. As Michigan was instructed by the state convention to follow the unit rule, its 28 votes in convention will be changed from gold to silver by this action.

The Nebraska contests were then taken up and the committee voted unanimously to seat the Bryan contestants.

As no one was present to present any contest from Nevada the committee decided to recognize none from that state.

PRESIDENTIAL CANDIDATES.

There Is but Little Change in the Positions of the Leading Candidates.

CHICAGO, July 8.—There is little change in the situation as to presidential candidates. Bland still has a strong lead, but the possibility of all sorts of complications which may blockade his way to the coveted prize have made his followers anxious and the talk of abrogating the two-thirds rule in his interest has been revived. There is, of course, the natural disposition to crowd on to the band wagon, but the calmest observers can not yet figure out how he

can win. They still look for Boies or a dark horse.

The use which the gold contingent will make of their votes complicates the situation and many believe in the present disorganized condition of the silver men as to a candidate they can force a compromise. Stevenson is most prominently spoken of in this connection. To forestall the gold men, concerning with whose plan in this regard, there is much mystery, the silver men intend to hold a caucus as soon as a deadlock develops.

BOIES' BOOM.

A Division in Iowa's Delegation Causes Some Apprehension.

CHICAGO, July 8.—To say that the Boies boomers are merely angry at the action of some of the members of the Iowa delegation in the convention yesterday is drawing it very mild. The seven who had their votes recorded for Hill were disciplined last night by the remaining members of the delegation. It is said that four of these seven are gold men, the other three being straight for 16 to 1.

Some of the men who voted for Hill acknowledged that it was a mistake and are very sorry that the break was made. The scouts and skirmishers who came in from the various delegations since the convention adjourned report that the action of the seven men was a stab under the fifth rib for Boies. They say that in some delegations they heard that the break in Iowa was disastrous to Boies and it is all up with Uncle Horace.

The managers of the Boies boom do not believe that the effect will be bad as the skirmishers report, because it is known that four of the delegates are gold men and that it was a personal compliment to Senator Hill that brought over three other. They say that during the day they have made gains in various parts of the country and that there are still many friendly delegates who will vote for Governor Boies as soon as their favorite sons or first choice candidates are out of the way.

It was stated that the vote in the convention yesterday indicated that Bland could not be nominated unless the two-thirds rule was abrogated, and the belief was expressed that Boies was the only man that could secure enough delegates to nominate.

MAY NEVER BE RESCUED.

It Will Take Seventy Days to Reach the Bodies in the Twin Shaft.

WILKESBARRE, Pa., July 8.—In the last 24 hours the rescuers have made only 14 feet of progress at the Twin shaft. The work is steadily growing more difficult. The average daily progress is about 12 feet, and the supposed distance to the entombed men not less than 700. It would therefore take about 70 days, and it is not likely that the work will continue so long.

The investigation committee put in a busy day at the mine. The inspectors did not think it practicable to gain an entrance by way of the Clear Spring colliery.

THE Republican platform arrays the Wall street magnates, the tariff barons and the bonny-grabbers against the rest of the country.

JUDGE SCOTT, one of the most prominent Judges on the district bench in Nebraska and a life long Republican, is out in a statement refusing to indorse the Republican platform. He styles the gathering at St. Louis as a "gold syndicate, tributary to Wall street." He says that "it has bolted the constitution, the American people, the American flag and an American product—silver—greater than that produced by any other country, and then gone wild in cheering for American protection."

VAN BUREN, said, during the panic of 1857, "all communities are apt to look to government for too much. We are prone to do so, especially at periods of sudden embarrassment and distress. The less government interferes with private pursuits the better for the general prosperity." This is ancient Democratic doctrine and involves the very life of the great principle upon which the Democratic organization, in its best estate, rests. Every act of paternalism on the part of the general government, has been a departure from the principles of the Democratic party, as taught by the fathers of the republic.

THE collection of statistics in regard to the St. Louis convention brings out some facts of keen interest to the social and political philosopher. Thus a correspondent of the Philadelphia Times records with natural satisfaction that the Union Republican Club, 150 strong, of Philadelphia, "made the best shine at St. Louis." The members were comely of garb. They had a proper fear of the drinking water of St. Louis, and so "they were provided gratuitously with forty cases of champagne and 200 quarts of whisky." The club's trip cost \$25,000, but the club enjoyed itself and impressed Missouri with the large Philadelphia way of doing things. The money was not wasted. The supplies were consumed.

Not since 1860, when the Democratic party met in convention at Charleston and split on the subject of slavery, has such an irreconcilable difference of opinion existed on the great question in issue as now confronts the delegates who are assembled in the Democratic convention. The situation which the Democrats face has its analogy in the one which they confront to-day. The Northern Democracy, declaring for squatter sovereignty, later at Baltimore nominated Stephen A. Douglass, while the seceding Southern delegates, declaring for the existence of slavery in the territories under Federal law, named John C. Breckinridge. To-day the Democracy from the Alleghenies west to the Pacific and from the Potomac south to the Gulf, except for the break in Wisconsin, Michigan and Minnesota so far as its voice will be heard in the convention this week, stands solid for free coinage of silver at 16 to 1 against the equally solid gold standard Democracy of the East.

WILLIAM GOODPASTER RAMSEY, the Democratic Presidential elector for the Ninth Congressional district of Kentucky, is a native of Owingsville, is twenty-five years old and a lawyer by profession. Mr. Ramsey is a Democrat by choice and inheritance. He is a nephew of J. B. Goodpaster, President of the Farmers' Bank, and Judge C. W. Goodpaster, of Owingsville, the head and front of the sound money element of this region, although Mr. Ramsey is an ardent advocate of the free coinage of silver at 16 to 1. His father is of pioneer Democratic stock.

Mr. Ramsey has always taken an active interest in politics, free donating his services and other necessary sinews of war. He has twice stumped this congressional district, once for Hon. Rolla Hart for Congress and once for Hardin for Governor. He will again make an active and thorough canvass of the district this fall. He is possessed of an ample fortune and is very popular, and, although he is very fond of politics, his friends have never been able to induce him to run for office.

East Limestone.

Mrs. Fannie Ilse improves very slowly. Mr. Thomas Sloop went to Cincinnati Tuesday on business.

Mrs. Zeak Meyers has recovered from her recent illness.

The damages of the church bug are reported light in this neighborhood.

Mr. Bind Sweet threshed his initiative wheat crop in the fair ground Monday.

Mr. Jack Ensor, of Plumville, was here Monday in the interest of his stock business.

Miss Grace Kidder, of Covington, is quite sick at the home of her brother, Albert Kidder.

Our neighborhood was almost depopulated Saturday by the various 4th of July attractions.

Miss Gertrude Dickson, of the Sixth ward, is a pleasant guest of her cousin, Miss Kate Williams and other relatives.

Many viewed the balloon ascension from the hill fair ground view and the descent of the fair afloat in all its novel beauty.

Miss Clara Dogman and friend, Mr. G. W. Hook were pleasant guests at Mount Welcome Wednesday and Thursday of last week.

Mr. Wm. Parker, of the West, who is visiting his father's family was intermingling with his old friends at the Old Settlers Reunion the 4th.

The Mason County delegation could not resist the temptation of the tempting clusters of blackberries on their way home from the reunion, and for a time the pike on either side represented a bunge delivery.

Several from this neighborhood attended the Old Settlers Reunion, the 4th at the beautiful camp grounds in Lewis County, of which the board has spared no pains to make attractive. The day was delightful, the crowd was immense, being composed of the best citizens of the surrounding counties, there being no attractions for the free dinner element of the year previous. The interesting program under a beautiful canopy of our emblem of national liberty, held the audience spell-bound thereby preventing the intermingling of friends to some extent, which is one of the many attractions of the Old Settlers Reunion. A number of eloquent orators were present who delivered very interesting addresses on Inheritance, Liberty and Independence, among them Messrs. Pugh, of Vincennes, and Cade, of Maysville, conspicuous for their extreme youthfulness which characterized their appearance. They spoke in a mild voice, with pleasant expression which seemed to win the confidence and attention of all, as they proceeded, however, their expression and gesture became more intense. Mr. Cade began his oration with the lauding of the Mayflower our stormy day in autumn, 1620, touching on many important subjects and concluding with the main issue of the present day, the financial depression and we might add tyrannical oppression. Rev. Karagolian, a native Armenian, but now an American citizen of two weeks duration was present and gave a very interesting talk in which he alluded to the pitiable condition of Armenia, many of the Turkish atrocities being fresh in the minds of the people. He repeatedly expressed his thorough appreciation of our religious liberty and free municipal government. His frequent allusions to the American men and women as kenges and quins (kings and queens) affected a diffusion of smiles through the vast auditorium. The ladies no doubt were surprised and flattered at their honored appellation, but those that have kind and loving husbands will perhaps agree with him that men are kings in one sense of the word. He concluded his eloquent peroration by singing a stanza in his native language. The recitations by the young ladies reflected much credit, and the selections so appropriate to the occasion were sweetly rendered by Prof. Hurst's choir.

Merit Talks

"Merit talks" the intrinsic value of Hood's Sarsaparilla.

Merit in medicine means the power to cure. Hood's Sarsaparilla possesses actual and unequalled curative power and therefore it has true merit. When you buy Hood's Sarsaparilla, and take it according to directions, to purify your blood, or cure any of the many blood diseases, you are morally certain to receive benefit. The power to cure is there. You are not trying an experiment. It will make your blood pure, rich and nourishing, and thus drive out the germs of disease, strengthen the nerves and build up the whole system.

Cattle Markets.

CINCINNATI, OHIO, July 6, 1896.

Cattle—The receipts were unusually light for the first day of the week; less than 925 head being received since noon last Friday, and 180 of these were billed through on account of this limited supply. The decent to better classes sold at 10 to 15c. advance over the ruling prices of last Friday, but the common and grassy sold about as poorly as any time lately. Stockers and feeders quiet and milch cows slow at unchanged prices. Heavy steers, fair to good \$3.00@4.10; no choice or extra on sale. Butchers' good to choice \$3.85@4.10; no extra offering; fair to medium \$3.40@3.75, common to ordinary \$2.25@3.25; oxen \$1.25@1.65, heifers good to choice \$3.75@4.1, fair to medium \$2.25@2.85, common rough steers, poor cows and scalawags \$1.25@1.75, stockers and feeders \$2.75@3.75, yearling and grazing calves \$2@3.25.

Bulls—Only moderate demand and market easy, with abundant receipts. Thin and light \$1.75@2.25, bologna \$2.35@2.85, butchers' \$2.85@3.35.

Culves—Owing to but fair receipts, Friday's decline was almost recovered, and the market closed strong at about the following range of prices: Extra \$1.85, fair to good light \$1@1.50, common and large \$2.75@3.75.

Hogs—Receipts of hogs continue comparatively small, the supply to-day being nearly one half less than last Monday and but slightly larger than the corresponding day last year. The quality was generally good and largely medium average weight. With an urgent shipping demand for light hogs and strong local competition, the inadequate offerings changed hands quickly, and chiefly at 10c. advance over last week's closing transactions, and the market finished up firm. Choice packers and prime butchers' \$1.50@3.55, mixed packers \$3.45@5.50, common and rough \$3.45@4.40, light shippers and feeders \$3.50@3.65, common to fair pigs \$3@3.50.

Sheep and Lambs—With a very fair shipping and the usual local demand, and only moderate receipts, there was no material change reported in prices, compared with last week's closing, but an easier tone generally prevailed in sympathy with unfavorable Easter advices, and the market closed rather heavy, although the yards were well cleared. Sheep: extra \$3.25@3.50, good to choice mixed \$2.75@3.15, common to fair \$1.50@2.50, stockers \$1.75@2.75. Lambs: shippers' extra \$5.60@5.75, good to choice \$1.75@2.75, common to fair \$3.75@4.50, butchers' good to choice \$3.75@4.25, common to fair \$3@3.50.

Louisville Tobacco Market.

The following is furnished by Glover & Durrett, of the Louisville Tobacco Warehouse:

Sales on our market for the week just closed amount to 3,768 bbls, with receipts for the same period 1,025 bbls. Sales on our market since January 1st amount to 91,191 bbls. Sales of the crop of 1895 on our market to this date amount to 89,937 bbls.

We have had another week of large receipts and heavy sales and another week of very unsatisfactory prices for the great bulk of the offerings of burley tobacco. With the exception of color burley which remains steady, the market was irregular and unsatisfactory and we may add, with a down-ward tendency.

The following quotations fairly represent our market for burley tobacco (1895) crop:

Trash (dark or damaged)..... \$1.00@1.50
Common color trash..... 2.00@4.00
Medium to good color trash..... 4.00@6.00
Common lugs, not color..... 2.00@4.00
Common color lugs..... 4.50@7.00
Medium to good color lugs..... 7.00@9.00
Common to medium leaf..... 5.00@8.00
Good to fine leaf..... 8.00@12.00
Select wrapper leaf..... 12.00@15.00
Select wrapper leaf..... 15.00@20.00

The above quotations are not applicable to green and frosted crops.

Cupid breaks his bow at the sight of a face full of pimples. Hollow cheeks, sunken eyes, and a sallow complexion will delay his best intentions. Beauty is more than skin deep. The skin merely the surface on which is written in plain characters the condition of the body. Dr. Pierce's Golden Medical Discovery is good for the complexion because it makes the whole body healthy—because it clears and purifies the blood, makes the digestion strong and clears out impurities of all kinds. By increasing the ability to assimilate nutritious food, and by the infusion of its own ingredients it enriches the blood and so makes solid, healthy flesh. It cures diseases of the lungs, liver, stomach, bowels, skin and scalp, simply because all these diseases spring from the same cause—a disordered digestion and consequent impure blood.

MAYSVILLE-KNOXVILLE.

The Tennesseans Won the Final Ball Game Yesterday.

The series of six games at Knoxville, Tenn., between the Knoxville club and Maysville club closed yesterday afternoon. The score yesterday stood Knoxville 5, Maysville 3. In the six games played Maysville won four and Knoxville won two.

Wadsworth pitched a good game yesterday.

The two rival clubs arrived in Maysville about 10 o'clock this morning coming via C. and O.

The "fans" and "rooters" met them with carriages and the Maysville band and escort them to the Central Hotel. This afternoon at the Maysville ball park the clubs will cross bats in another rival game for supremacy.

Both clubs are on their mettle and will play ball to win. Go out to the park this afternoon and witness an exhibition of the National game that the league clubs can not beat.

NOTES.

The Maysvilles will probably play the Paris team next Monday and Tuesday.

The game at Paris Tuesday between the Frankfort and Paris teams resulted in a score of 16 to 2 in favor of the latter.

Sammy Leever, Maysville's best pitcher, jumped into the big league yesterday by going to the Philadelphia club.—Portsmouth Times.

Billy Earle, one of the best catchers in the business, will fill that position for Maysville during the series of games with the Knoxville team.

A Quiet Wedding.

The following notice is taken from the Converse Journal, of Converse, Ind., dated July 2nd, of the marriage of Mr. Joseph Kenny, formerly of this city: "The friends of Mr. Joseph Kenny and Miss Ethel Murphy were much surprised Thursday afternoon by the announcement of their marriage. While the event was not unlooked for the young couple stole a march on their friends by going quietly to the Presbyterian parsonage, Thursday afternoon at 2 o'clock, where the knot was tied by Rev. Mr. Parker. Mr. Thomas W. Kelsey was the groom's best man, and Miss Augusta Murphy, cousin of the bride, acted as bridesmaid. With the exception of Mr. Parker's family, they were the only persons present, or apprised of the event.

"Mr. Kenny, the groom, came here some months ago, and with his partner, Mr. Paul Lucas, opened a tailoring establishment. The young man has been industrious, correct in his habits, courteous to all with whom he has come in contact, and has made himself deservedly popular. He possesses the good will of all who know him. His bride is the daughter and only child of Mr. and Mrs. L. G. Murphy. She is an amiable young lady, popular among her associates, and possesses the esteem of all."

Cure For Headache.

As a remedy for all forms of Headache, Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Only fifty cents, at J. James Wood's drug store.

New Station.

Local Forecast Official Burke, of Louisville, has been notified by the Weather Bureau that his request that the reports from the corn and wheat districts in the State include tobacco, has been granted. New stations will be established at Henderson, Maysville, Lexington, Richmond, Bardstown, Madisonville and Owensboro. Tobacco reports will be received from these stations daily and will be included in the daily Weather Bulletins.

After receiving the attention of a physician, he rested easily.

MR. A. F. RESPES, of Maysville, formerly and for many years a popular resident of Frankfort, is coming back here to live. This good news is made still better by the fact that Mr. Respess is to open up a new enterprise here, a cigar factory which will give employment to a number of skilled workmen, the heads of families, who will be brought here to help in the factory. The latter will add to the material welfare of a city extremely well suited and much in need of more factories.—Daily Capital.

MISS MAY EASHON entertained at her home Monday evening a number of friends in honor of Miss Marie Morris, of Covington, games of interest were played and many other things entered into the evenings enjoyment. Refreshments were served at a late hour, and all left saying we had a good time. The following composed the party: Misses Amelia Hawk, Mary and Mattie Rudy, Bertie Daulton, Callie Hill, Bettie Proctor, Minnie Morris. Messrs. Jacob Cabilish, Claude Tolle, Fred Terry, Dr. Burrows, E. Daulton, A. Payne, W. Tolle.

THE local fire insurance agents throughout Kentucky and especially those agents in the border counties have been complaining for years that some of their business was being written by non resident agents and in some instances by the companies direct. At last through the efforts of Insurance Commissioner Comingore eighty-seven companies have signed an agreement not to write or accept risks in Kentucky except through the resident agents. The insured is always better protected by resident agents than by non resident agents. It is always better to deal with people you know.

BATTLE ON THE STREET.

A Lively Shooting in the First Ward. Many Shots Exchanged But No One Hurt Much.

There was some lively shooting in the First ward yesterday afternoon and the participants emptied their pistols at each other without shooting themselves or any one else in that locality.

John Tolle was down on the river bank repairing his boat when Walter Skinner, Zeke Smith and Calvin Bradford approached him and after a brief and threatening salutation from them and a sullen warning from Tolle they opened fire from the river bank with their pistols on Tolle who made at them flourishing his hatchet. Several shots were fired before Tolle could escape to his home nearby. He was shot through the thumb and after hastily binding up his thumb he got an old horse pistol and started in pursuit of his assailants. He came upon the valiant trio a short distance west of the C. and O. depot and as all parties seemed anxious to annihilate each other the battle of extermination began without any hesitation. The firing was brisk enough for a few minutes to arouse and alarm that unusually quiet locality. Some of the beligerents emptied their pistols and took to their heels. When the smoke of battle cleared away the law abiding citizens rushed in to carry off the dead and administer to the wounded. But no dead were found and no wounds inflicted. Mr. Tolle borrowed a shotgun and started up town to inform the police. The arrest of Skinner, Smith and Bradford soon followed.

Tolle says his brother, Stephen Tolle, lost some articles from his trading boat across the river and traced them to Skinner, Smith and Bradford and Tolle thinks they must have blamed him in some way for it and sought to get even by attacking him.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be **absolutely harmless?**

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Fletcher.* is on every wrapper.

The Western Mule.

A business that seems to have suffered greatly in some parts of the west is that of mule breeding. Here are some comments on the same by Rural New Yorker: "When the great shrinkage in the price of horses began, it was thought that mule breeding would improve as a business, but two things seem to have upset these calculations. The south has always provided the chief market for mules, but of late years southern farmers have begun to breed their own mules, so that the demand for western animals has greatly fallen off. Then, again, the drop in the price of horses has enabled the teamsters in western towns to secure much better animals for the money formerly paid for mules. So that the western mule has his sorrows like all the rest of us."

Her Rainy Day Attire.

A brave woman appeared on "the sidewalks of New York" the last rainy day wearing a divided skirt, belted coat and waterproof leggings. The dress was of gray material and reached just below the knees. As other women struggled to keep their skirts out of the muddy drab and the overflowing gutters, she walked on unhampered and unheeding the remarks of critical passersby.

HOBART HAS HEARD

The Vice Presidential Candidate Receives a Committee.

NOTIFIED OF HIS NOMINATION.

Mr. Charles W. Fairbanks of Indianapolis the Spokesman for the Committee—A Lengthy Response by Mr. Hobart—A Number of Noted Politicians Call on Major McKinley.

PATERSON, N. J., July 8.—Flags were displayed from nearly every house in this city in honor of the visit of the committee which notified Garrett Hobart of his nomination for the vice presidency on the Republican ticket.

The committee of notification, of which Charles W. Fairbanks of Indianapolis is chairman, arrived at Paterson at 11 o'clock. The party drove at once to Mr. Hobart's house, where they were received by Mr. and Mrs. Hobart.

The band stationed on the piazza struck up a lively tune. Mr. and Mrs. Hobart stood in the hallway and received the committee, headed by Chairman Fairbanks and wife. Mr. Mrs. Hobart were assisted by a number of ladies and gentlemen.

Mr. Fairbanks came forward and made his address, formally notifying Mr. Hobart of his nomination.

Mr. Hobart, in replying among other things, said:

"I beg to extend to you my grateful acknowledgements for the very kind and flattering terms in which you convey the formal announcement of my nomination for vice president of the United States by the Republican national convention at St. Louis. I am profoundly sensible of the honor which has been done me, and through me to the state in which all my life has been spent, in my selection as a candidate for this high office."

Referring to the platform adopted at St. Louis, he declared for gold and a high protective tariff.

CANTON CALLERS.

Some Prominent Politicians Call on Major McKinley.

CANTON, O., July 8.—W. S. Manning, the noted New York politician, was a caller at the McKinley home yesterday. He was first mistaken by some of the reporters for Congressman Grosvenor.

Wayne county sent a delegation to Canton in the afternoon to call on Major McKinley. It was a party appointed by the centennial committee of that county to wait on Governor McKinley to ascertain whether he would be present at any day of the centennial exercises to be held at Wooster Aug. 11 to 15. It was headed by ex-Congressman M. S. Snyser and Jacob Frick, who is a cousin of H. C. Frick of the Carnegie establishment. The call was, of course, non-political.

Governor McKinley has had several invitations a day to make addresses and up to this time has declined to make any engagements. It is thought, however, he may go to Cleveland for a day next week during the centennial celebration there.

Other callers were Hon. R. G. Horr, New York; Hon. William Monaghan of Cleveland, ex-United States Marshal H. W. C. Hackel of Cleveland and Captain Lorenzo Danford of Bellaire, congressman of the Sixth Ohio district.

LEFT NO ORDERS.

So Li Hung's Visit Was a Disappointment to the Germans.

BERLIN, July 8.—Li Hung Chang has been received with the greatest enthusiasm and hospitality in Germany, but he departed, leaving griefs and disillusionments behind him. Great things were hoped from his visit—a German coaling station in China, big orders to German firms etc.—but no such orders have been given and nothing has been done. Secretary Detring of the Chinese statesman's staff, returning thanks on behalf of Li Hung Chang at a recent banquet for the reception accorded the latter, said:

"The viceroy hopes that no disappointment will result from his visit. The object of his journey was to promote a friendly understanding between China and Germany, and he profited by the occasion to inform himself more completely regarding the capabilities of German industry. When he returns to China he will report upon all he has seen."

This appears to be cold comfort for the German manufacturers.

An utterance of Li Hung Chang during his interview with Prince Bismarck is quoted in political circles. It was: "Capri was one of those who say, 'It is ordered, hence I'll do it.' Prince Hohenlohe has more confidence in his own opinion, which he defends with ability and caution."

Killed by a Grain of Corn.

WASHINGTON, Ind., July 8.—The 3-year-old son of William Armstrong of near Oden died last night from the effects of a grain of corn lodging in his windpipe. The child swallowed the corn Sunday afternoon.

Killed by Lightning.

CHATANOOGA, July 8.—Lightning killed Miss Mary Evans while standing in the door of her aunt's home, Mrs. Alice Wooten, at Sale Creek, Tenn. The other members of the family were severely shocked.

Landed on Cuban Soil.

KEY WEST, July 8.—Another expedition has been safely landed on Cuban soil. It consisted of 64 men and they had with them 400,000 rounds of ammunition, dynamite, electric batteries, etc.

Unaccountable Suicide.

ELYRIA, O., July 8.—John Robinson, a well known resident of Amherst, committed suicide yesterday. He was 55 years old. No cause is known for his rash act.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore an important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

In the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commanded to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

ANNOUNCEMENT.

FOR CONGRESS.

WE are authorized to announce W. LARUE THOMAS, of Mason County, a candidate for Congress from this, the Ninth district, subject to the action of the Democratic party.

At Ruggles' Camp Ground,

SATURDAY, JULY 4th, at 10:30 a. m., the following privileges will be given to the visitors: Hotel accommodations, \$1.00; Garage Room and Garage Shop. The Ground reserves the right to reject any or all bids. The meetings on these beautiful and much improved grounds will be held beginning July 25th and closing on August 9th. Enliven Divines will be present. Rev. A. B. Leonard, of Ashland; Rev. Thomas Hanford, of Covington; Rev. M. Swaderman, of Cincinnati, O., and the ministers of the Covington and Ashland districts are expected to be present. The Ashland district will be in charge of Prof. J. G. Crabb, of Ashland, assisted by a splendid choir, which is an assurance that it will be all that can be desired. A 14-room house has been built with porches all round, making accommodations for any and all comers. The Tabernacle has been enlarged, and the best of all we have are excellent water—two large cisterns and three wells. One of the wells is in the deepest part of the hollow, has been analyzed and contains the following medicinal qualities: Total Solids, 3.6 to the liter; Soluble Salts, 3.16 to the liter; consisting of Chlorides and Sulphates of Magnesium, Sodium and Potassium; Insoluble Salts, 0.44 to the liter, consisting of Calcium Carbonates with traces of Iron. The meetings will be in charge of Revs. G. R. Frenger and J. G. Dover, Presiding Elders of the Covington, Maysville
